Explanation:

Effective July 1, 2007, South Carolina Code of Laws Section 6-29-1145 requires local governments to inquire in the permit application, or in written instructions provided to the applicant, if a tract or parcel of land is restricted by a recorded covenant that is contrary to, conflicts with or prohibits an activity for which a permit is being sought. "Section ~~6-29-1145~~. (A) In an application for a permit, the local planning agency must inquire in the application or by written instructions to an applicant whether the tract or parcel of land is restricted by any recorded covenant that is contrary to, conflicts with, or prohibits the permitted activity.

(B) If a local planning agency has actual notice of a restrictive covenant on a tract or parcel of land that is contrary to, conflicts with, or prohibits the permitted activity:

- (1) in the application for the permit;
- (2) from materials or information submitted by the person or persons requesting the permit; or
- (3) from any other source including, but not limited to, other property holders, the local planning agency must not issue the permit unless the local planning agency receives confirmation from the applicant that the restrictive covenant has been released for the tract or parcel of land by action of the appropriate authority or property holders or by court order.

(C) As used in this section:

- (1) 'actual notice' is not constructive notice of documents filed in local offices concerning the property, and does not require the local planning agency to conduct searches in any records offices for filed restrictive covenants;
- (2) 'permit' does not mean an authorization to build or place a structure on a tract or parcel of land; and
- (3) 'restrictive covenant' does not mean a restriction concerning a type of structure that may be built or placed on a tract or parcel of land."

**Town of James Island Zoning and Land Development
Regulations Ordinance (ZLDR)**

APPROVAL CRITERIA FOR VARIANCES

According to Article 153.049 Zoning Variances, §153.049 F Approval Criteria of the *Town of James Island Zoning and Land Development Regulations Ordinance (ZLDR)*, The Board of Zoning Appeals has the authority to hear and decide appeals for a Zoning Variance when strict application of the provisions of this Ordinance would result in unnecessary hardship. A Zoning Variance may be granted in an individual case of unnecessary hardship if the Board of Zoning Appeals makes and explains in writing the following findings:

- a. There are extraordinary and exceptional conditions pertaining to the particular piece of property;
- b. These conditions do not generally apply to other property in the vicinity;
- c. Because of these conditions, the application of this Ordinance to the particular piece of property would effectively prohibit or unreasonably restrict the utilization of the property;
- d. The authorization of a variance will not be of substantial detriment to adjacent property or to the public good, and the character of the zoning district will not be harmed by the granting of the variance;
- e. The Board of Zoning Appeals shall not grant a variance the effect of which would be to allow the establishment of a use not otherwise permitted in a zoning district, to extend physically a non-conforming use of land, or to change the zoning district boundaries shown on the Official Zoning Map;
- f. The need for the variance is not the result of the applicant's own actions; and
- g. Granting of the variance does not substantially conflict with the *Comprehensive Plan* or the purposes of this Ordinance.

Factors Not To Be Considered (§153.049 G)

The fact that property may be utilized more profitably if a Zoning Variance is granted shall not be considered grounds for granting a Zoning Variance.

In granting a variance, the Board of Zoning Appeals may attach to it such conditions regarding the location, character, or other features of the proposed building or structure as the Board may consider advisable to protect established property values in the surrounding area or to promote the public health, safety, or general welfare.

MEMORANDUM

TO: Variance and Special Exception Applicants

FROM: Jenny J. Werking, AICP

DATE: April 30, 2008

SUBJECT: Signatures for Variance and Special Exception Applications

This memo is to inform potential and current Variance and Special Exception applicants of the documentation required for signatures on the applications. All signed documents submitted must be the original documents (no copies). All signed documents must be dated by the person(s) signing the document.

General:

Variance and Special Exception applications must be signed by all property owners as listed on the current, recorded deed of record for the subject property(ies). If more than one parcel is included in the request, the parcels may only be placed on the same application if (1) they are in the same zoning district; (2) they are owned by the same person(s) or entity(ies); (3) the properties are contiguous; and (4) the Variance or Special Exception request is the same (i.e. a tree variance and a setback variance would be a separate request, requiring an additional application and fee.) Planning Staff will determine if separate applications are necessary. Please consult Planning Staff in advance with any questions regarding this procedure.

Properties owned by corporations or partnerships:

Supporting documentation regarding owner signatures is required for properties that are owned by corporations or partnerships. As part of the Variance or Special Exception application, the applicant must submit a letter from an attorney that (1) states who can sign for the corporation or partnership and (2) describes that person's role in the corporation or partnership. This letter must be notarized and must include the raised seal of the notary.

Properties for which there are multiple owners:

Applicants for properties that are owned by multiple persons (as shown on the current, recorded deed) may submit separate sheets (other than the application) for the signatures of the owners on a case by case basis. If this is permitted, one property owner must sign on the application and each of the other owners must sign a statement that reads "I have read the application for and agree with the request for the Variance or Special Exception on property located at TMS # _____ (describe Variance or Special Exception request)" This statement must be notarized (with the raised seal) and submitted as part of the application.
